

ASHLEY  
Does it say the address?

Ashley tries to get a look at the picture on the phone.

ASHLEY (CONT'D)  
'Cause that party looks sick.

Skye, in full uniform, approaches the dugout, just in time to catch Linda starting to freak out.

LINDA  
I guess that's that. We have to forfeit. And *this*, ladies, is the reason why the Birdies are being canceled. Can't have a team if your players constantly bail. I know, I know, I'm preachin' to the choir here. All of you who are committed to playing will be better off on new teams... Screw it, I'm gonna go home and drink in my shed.

KIM  
You've got a she-shed?

LINDA  
No I have a regular shed, a booze piñata and a husband not expecting me for two hours.

Linda storms off passed Skye. Skye stares up at Maria as Maria approaches.

SKYE  
What is she talking about?

MARIA  
We have to forfeit the game. She's just frustrated, baby. Don't worry about it.

Maria puts her arm around Skye and they walk back toward the parking lot.
